

IEEE Workshop on Microgrid and Energy Communities

MEC 2025

Theme: Enabling Integrated, Resilient, and Sector-Coupled Local Energy Systems

Location: KTH Royal Institute of Technology Date: Oct 9-10, 2025

IEEE Workshop on Microgrids and Energy Communities (**MEC**) will bring together leading academic and industrial experts to address the latest innovations, regulatory frameworks, and deployment challenges. It features keynote talks, industry leaders' perspectives, and interactive discussions, providing a unique forum for shaping the future of integrated, resilient, and sector-coupled local energy systems.

Event link and registration: <https://isg-mec.org/>

Agenda

Day 0 – Oct 8, 2025

Visit **Arholma Microgrid**, hosted by Vattenfall

Day 1 – October 9, 2025

Theme: **Microgrids – Technologies and Grid Integration**

Morning Session

08:30–09:00 | **Registration and Networking**

09:00–09:15 | **Opening Remarks**

Welcome from IEEE PES/PELS Sweden Chapter, KTH Hosts – [Qianwen Xu](#), KTH, Sweden

09:15–10:45 | **Academic Keynotes**

[Claudio Cañizares](#), University of Waterloo, Canada, “*Microgrid Overview*”

[Marija Ilić](#), MIT, USA, “*Dynamic Monitoring and Decision Systems (DyMonDS) for End-to-End Electricity Services*”

10:45–11:00 | Coffee Break

11:00–12:20 | **Industry Leaders' Perspectives & Panel discussion**

Flexible and resilient grid with microgrids and energy communities

[Martin Flack](#), Head of Department, Swedish Energy Agency, “*Energy Communities at the Swedish Energy Agency: Finding solutions and unlocking potentials*”

[Fredrik Carlsson](#), R&D portfolio manager, Vattenfall, “*Microgrid pilots as part of the way towards the next level of Distribution grids*”

[Robert Heiliger](#), Head of Technology & Innovation, E.ON, “*Energy communities – Simris and it's learnings*”

[Cathrin Iden](#), Network Sales Manager Nordics, Milence, “*Building the backbone of electrification in Europe*”

[Linnea Abrahamsson](#), Consultant Energy Strategic Advisory, WSP, “*Enabling Resilient Energy Communities Through Systemic Thinking*”

12:30–13:30 | Lunch & Networking

Our Sponsors:

Afternoon Session

MEC 2025

13:30–15:00 | **Academic Keynotes**

[Yunwei Ryan Li](#), University of Alberta, Canada, *“AC/DC Microgrids:*

A Modern Solution for Grid Challenges in DERs, EVs, and AI Data Centers”

[Pedro Rodriguez](#), LIST, Luxembourg, *“Grid-Forming Power Hubs for Energy Communities”*

15:00–15:20 | Coffee Break

15:20–16:40 | **Industry Leaders’ Perspectives & Panel discussion**

Microgrid technology and grid integration

[Linda-maria Wadman](#), COO, Plexigrid, *“Orchestrating Flexibility in Microgrids: Unlocking Multi-Purpose Benefits”*

[Sonja Monica Berlijn](#), Business director, DNV, *“Electrification Challenges and the Role of Microgrids in the Transition”*

[Ritwik Majumder](#), Senior Principal Engineer, Epiroc, *“Electrification in Surface Mining”*

[Frida Lundquist](#), Solutions Architect Engineer, Schneider Electric, *“Solution Architect - Power and Grid”*

[Magnus Kuschel](#), Innovation lead, Innovatum Science Park, *“Trollhättan innovation in local grid for industry and city”*

16:40–17:30 | **Interactive Session** Networking and discussions

End of the day

Day 2 – October 10, 2025

Theme: Energy Communities – Governance, Digitalization & System Integration

Morning Session

08:30–09:00 | **Registration and Networking**

09:00–10:30 | **Academic Keynotes**

[Johanna Lakso](#), CEO, Power Circle, *“Energy communities and the potential of flexible resources: A Swedish Perspective”*

[Chongqing Kang](#), Tsinghua University, China, *“Aggregating the Flexibility of Distributed Energy Resources: A Virtual Power Plant Perspective”*

10:30–10:50 | Coffee Break

10:50–12:10 | **Industry Leaders’ Perspectives & Panel discussion**

Smart buildings and energy communities

[Fredrik Lundström](#), Program manager, Swedish Energy Agency, TBD

[Pär Lundström](#), Senior Policy Advisor, The Swedish Installation Federation, *“Free Energy with the Built Environment”*

[Jan Hellgren](#), Director of Innovation, Vinci Energies, *Micro Grids challenges "Notes from the field"*

[Niklas Sörensen](#), CEO, Locus Energy, *“Microgrids – technology is mature but are the business models?”*

[Monica Löf](#), R&D Programme Manager for Smart Energy Solutions, Vattenfall, *“The potential for Energy Communities within the Church of Sweden: A case study on the Sala-Norrby-Möklinta pastorate”*

12:10–13:30 | Lunch & Networking

Our Sponsors:

Afternoon Session

13:30–15:00 | **Academic Keynotes**

[Vladimir Terzija](#), Newcastle University, UK, “*Smart Technology and Big Data Analytics for Data Centres and Energy Communities*”

[Qianwen Xu](#), KTH, Royal Institute of Technology, “*Adaptive integrated modular microgrid for sustainable and resilient communities*”

15:00–15:20 | Coffee Break

15:20–17:00 | **Roadmap & Collaboration Session**

Shaping the Future Together

• Joint White Paper • Future Events • Collaboration Platform

End of the day

Workshop Venue

Location

8 Oct (Day 0) – Arholma Microgrid

9 Oct (Day 1) – Arena, Teknikringen 1, at KTH main campus, Stockholm

Google map direction: [Teknikringen 1](#)

10 Oct (Day 2) – Gradängsalen, Teknikringen 1, at KTH main campus, Stockholm

Google map direction: [Teknikringen 1](#)

Transportation instruction from Arlanda Airport to KTH: [How to get here](#)

Hotel recommendations:

Elite Hotel Arcadia Stockholm ([Elite Hotel Arcadia Stockholm – Google](#))

Hotel Birger Jarl (<https://www.birgerjarl.se/>)

Hotel Scandic Park (<https://www.scandichotels.com/sv/hotell/scandic-park>)

Organization committee:

Chair: Qianwen Xu, KTH

Co-Chair: Ambra Sannino, Vattenfall

Sida Jiang, WSP

Fredrik Carlsson, Vattenfall

Pär Lundström, Installatörsföretagen

Jonas Anund Vogel, KTH

Lars Nordström, KTH

Hans Edin, KTH

Issa Batarseh, University of Central Florida
